As a CSA member I understand that I share in the bounty as well as the risks of farming and that the farm plants and harvests with my share in mind. For this reason, membership is a season-long (21 week) commitment. I understand that if I am unable to finish out the season as a member, there can't be a refund on my share but that I have the option to reassign the remainder of my share to another person. It is my responsibility to pick up my shares and to do so following the farm's guidelines.
